- Assisted in managing club activities and coordinating with faculty and fellow members.
- Contributed to community outreach and student engagement initiatives within the CSE department.

SUMMARY

I'm a Computer Science undergraduate at North East University Bangladesh with experience as a full stack web developer. I enjoy building things with code and always look for opportunities to learn and grow.

KEY ACHIEVEMENTS

💎 **Successful Full-Stack Projects**

Delivered multiple full-stack web applications using modern frameworks like React.js, AngularJS, and Node.js, enhancing user experience and functionality.

💎 **Active Student Leader**

As an Executive Member of NEUB CSE Society, organized tech workshops, game competitions, and prize-giving ceremonies; attended meetings regularly and played a key role in founding new student clubs to foster community engagement.

💎 **Rapid Skill Acquisition**

Quickly learned and applied new technologies such as AngularJS, Scrum methodologies, and RESTful API design during internships.

💎 **Consistent Academic Performance**

Maintained strong academic results while actively participating in extracurricular and technical activities.
